**Bradley J Sugars, Brad Sugars : Billionaire In Training (Instant Success Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Billionaire In Training (Instant Success Series):

3 of 3 people found the following review helpful. Billionair in TrainingBy Elden A. ScottBillionaire in Training was an outstanding book. From the very outset it challenged my thinking. The growth path of entrepreneurs out lined is spot on. I found myself laughing at how true the senarios he was describing, are at play in my life and business. The three main points I pulled out of the book are that: 1. I need to generalize my work and have my employees specialize in their specific task. 2. There is a certain path to create wealth for me, my family and my business. 3. I need to detach my self from my business emotionally. My business is not me, it is an entity that I own and work in. I would highly

reccomend reading Billionaire in Training. I will surely refer back to it, as well as read it again in the future. Elden A. Scott

This book is an advertisement for his company. Action International Team is a global network of business coaches, and this book tells you how his team will really help your business grow. He has good ideas, but I felt cheated at the end.
