A must have for students!By BradGreat product with good information, definitely a must have for business law students. Product was shipped super fast and in great condition.

Business law is the collection of laws and regulations that advises one as to the manner in which a business can properly operate. The laws pertaining to business can be enacted by the courts as well as a legislative body. A chart would be helpful as there are as many areas of business law as there are businesses. Such a chart would help guide one

to the particular area of law which governs the particular business one is operating.
