My teacher tells us to read certain sections and do homework on said sections. Most information is understandable, maybe it's just a hint to better my vocabulary.0 of 0 people found the following review helpful. Very pleased!By StephenProduct was as described. Worked out great and much cheaper than buying a new book. The wallet (and wife) appreciated that aspect very much, ha. Fast shipping as well. I would recommend this method of book buying to anyone.1 of 1 people found the following review helpful. I love itBy Marwan Al Eqabieverything was just perfect especially they were including the connect code attached to the book which should be obvious and normal since when Mc Graw sell the book, it would be accompanied by the

connect code but some companies sell that code apart because its pretty expensive and needed most of the time.

The thirteenth edition of Business Law with UCC Applications updates many key areas of the law. As in previous editions, a great deal of care has been taken to present business law concepts in the most coherent and accessible way and to provide up-to-date coverage of business law topics that are essential to today's students. All of the chapters for this edition have been updated, and we have continued to enhance our coverage of the important topics of cyber-commerce, international law, identity theft, trade secrets, abandoned property, eminent domain, mortgages, bankruptcy, limited liability companies (LLC), ethics, the Dodd-Frank Act, the new health care act, revised Uniform Partnership Act, the Genetic Information Nondisclosure, the War Powers Act, changes in state law regarding collective bargaining, the proposed changes in patent law, proposed changes in the court system, the War Powers Act, and Alternative Dispute Resolution. Material is presented in nine sections, which include relevant case studies featuring excerpts from the court's opinion. Content has been updated to reflect the many recent changes in the legal field and color photos throughout the text help students relate the material to their own lives.
