Stephen Spinelli : Business Plans that Work before purchasing it in order to gage whether or not it would be worth my time, and all praised Business Plans that Work:

1 of 1 people found the following review helpful. Easy ReadBy Abbi B.While most readings about business can be tiresome and boring, I find this book extremely helpful and a good read. The content sticks to one example, and you really begin to see how all the different parts come together. A very good place to start for anyone considering starting their own business.1 of 1 people found the following review helpful. Good details on parts of the business planBy stevenjGood book with great details on each section of a business plan. I would recommend buying it if you have to

write a business plan. I bought it for my MBA class on entrepreneurship and it helped the the details on my business plan.0 of 0 people found the following review helpful. Five StarsBy Junyan ZhangGreat! meet with my needs!
