I'm just starting in the selling end of Antiques and Collectibles and I found this book extremely informative. I actually came online today to see if the Bingham's had written another book or if there was a latest edition out on this book. I

checked it out of my local library and read it during a week's vacation at the beach. It was very easy reading with helpful information. I would (and have) recommend it to anyone interested in antiques, collectibles and even junk turned to treasures. Thank you.
