From Asian Development Bank : Financial Sector Development Strategy 2011-2020 [Cambodia] before purchasing it in order to gauge whether or not it would be worth my time, and all praised Financial Sector Development Strategy 2011-2020 [Cambodia]:

With a rapidly growing commercial economy that requires a sound financial system to sustain growth, Cambodia is committed to the long-term development of the financial sector, channeling financial resources to productive investments, and managing the inherent risks to achieve sustainable economic growth over the long term and contribute to poverty reduction. Financial Sector Development Strategy 2011-2020 reflects Cambodia's achievements to date, provides an assessment of current challenges and constraints to financial sector development,

the long-term goals, and a prioritized set of action plans for the next decade. Said strategy will enable Cambodia's financial sector to integrate into the regional financial system and support her long-term economic development agenda.
