Alex Preda : Framing Finance: The Boundaries of Markets and Modern Capitalism before purchasing it in order to gauge whether or not it would be worth my time, and all praised Framing Finance: The Boundaries of Markets and Modern Capitalism:

As the banking crisis and its effects on the world economy have made plain, the stock market is of colossal importance

to our livelihoods. In *Framing Finance*, Alex Preda looks at the history of the market to figure out how we arrived at a point where investing is not only commonplace, but critical, as market fluctuations threaten our plans to send our children to college or retire comfortably.

"The sociological perspective offered by Preda provides economic historians interesting ways to frame their own research into the ongoing development of financial capitalism."
