**David Rosen, Caryn Mladen : Free \$ For College For Dummies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Free \$ For College For Dummies:

1 of 1 people found the following review helpful. If I had read this 20 years ago.By ArtemishdcI don't think this was available twenty years ago, and I know that I cannot find this info easily on the internet.This book was great.I got a great deal on it as I thought it would seem very foolish to invest a bunch of money in a book about getting free money.If your local library has a copy....hmmmm??? Even better.Mine didn't.This gave some helpful advice on what is and what is not a scholarship or grant. How to use them and how you can use them and that even though you've been led to believe that you do not qualify....you probably do.There really are loads of opportunities for funds out there. Give it a try.1 of 1 people found the following review helpful. Cash for collegeBy RandyOur daughter is almost thru high school, it is time to start getting serious about college. This book gives information on looking for college funds in places you might not have been aware of.0 of 0 people found the following review helpful. Four StarsBy DarleneInformation furnished was great.
