**Simon Middleton : From Privileges to Rights: Work and Politics in Colonial New York City (Early American Studies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised From Privileges to Rights: Work and Politics in Colonial New York City (Early American Studies):

0 of 1 people found the following review helpful. PrivilegesBy H. Lappa super book on a very specialized topic. Highly recommend it to anyone interested in the colonial period. Best Wishes0 of 2 people found the following review

helpful. Five StarsBy Emilie PruettNew book in perfect condition.

From Privileges to Rights connects the changing fortunes of tradesmen in early New York to the emergence of a conception of subjective rights that accompanied the transition to a republican and liberal order in eighteenth-century America. Tradesmen in New Amsterdam occupied a distinct social position and, with varying levels of success, secured privileges such as a reasonable reward and the exclusion of strangers from their commerce. The struggle to maintain these privileges figured in the transition to English rule as well as Leisler's Rebellion. Using hitherto unexamined records from the New York City Mayor's Court, Simon Middleton also demonstrates that, rather than merely mastering skilled crafts in workshops, artisans participated in whatever enterprises and markets promised profits with a minimum of risk. Bakers, butchers, and carpenters competed in a bustling urban economy knit together by credit that connected their fortunes to the Atlantic trade. In the early eighteenth century, political and legal changes diminished earlier social distinctions and the grounds for privileges, while an increasing reliance on slave labor stigmatized menial toil. When an economic and a constitutional crisis prompted the importation of radical English republican ideas, artisans were recast as virtuous male property owners whose consent was essential for legitimate government. In this way, an artisanal subject emerged that provided a constituency for the development of a populist and egalitarian republican political culture in New York City.

"This remarkable book opens up a new vista on the history of colonial New York City by focusing on the experiences of a group that has never been the subject of a major study. In doing so, it calls into question conventional notions of the work lives and political understandings of a broad strand of the urban population and builds a convincing case for locating the emergence of artisanal republicanism several decades before the revolutionary era."mdash;Joyce D. Goodfriend, University of Denver"Deeply analytical and richly rewarding, From Privileges to Rights should become essential reading for historians of New York and early America."mdash;New York History"A consequential study, reshaping our understanding of artisan history."mdash;American Historical "A powerful and complex refutation of the colonial craft idyll."mdash;William and Mary QuarterlyFrom the PublisherSimon Middleton teaches early American history at the University of Sheffield.About the AuthorSimon Middleton teaches early American history at the University of Sheffield.
