Romesh Vaitilingam : FT Guide to Using the Financial Pages (The FT Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised FT Guide to Using the Financial Pages (The FT Guides):

0 of 0 people found the following review helpful. There are plenty of better books out thereBy TommyBook misses its "red line". It sure has many topic included but real good explanations that how they are connected to stock markets and stock prices are missing. I had to skip some parts of the book as I felt that book itself is waste of time.

This thorough reference guide to reading and really understanding the financial pages shows you where to look for information and how to make best use of it.
