**Gina Soleil : Fuel Your Business** before purchasing it in order to gage whether or not it would be worth my time, and all praised Fuel Your Business:

Soleil has a wonderful way of injecting her own personal stories into the meat of her concepts. I especially liked the way in which she compared our own personal chakras to the chakras of a business which includes every employee from the CEO on down. Soleil has a gift of being able to make her information very clear and easy to understand in a way that we can all relate to. I bought this book out of curiosity. I have worked in some dysfunctional businesses and have always wondered if they could some how be made to function properly and and at the same time

make their employees happy and feel appreciated. Soleil has done just that. If all businesses would buy her book and follow what she says, all the people would be happy and the business would make a much greater profit. 0 of 0 people found the following review helpful. Brilliant Teachings--New Solutions By Customer I will be handing out a lot of these books. Soleil speaks a brilliant truth here. This is a very meaningful message for business leaders, business owners and employees everywhere. We can't keep asking everyone to do more with less. Here is a new answer to this mounting problem...and it's simple and attainable. This book can teach us much.

Fuel Your Business is making the power of GOOD energy the driving force in business throughout the world. Human energy is the door of opportunity for business. As the demands of our connected world increase, people no longer have the energy they once had to be fully engaged, productive, and innovative in the workplace--leaving business leaders in search of a solution. Fuel Your Business is the solution. Fuel Your Business is about how to create a culture where people are energized, feel good and are happy. It's about how to create a business that's good for people, profit and the Earth all at the same time. Author Gina Soleil gives you a step-by-step roadmap for building a business that's fueled to win in today's market.

"Fuel Your Business is the next generation resource for leaders (current and future). Through the forward thinking of Soleil, this book demonstrates the need for the intersection of human energy, overall wellbeing and value-based leadership. Going into the next decade, we need new ways of thinking and leading--Soleil's Eight Principles of Business can get us there." Jean Nitchals, Founder, Niche Solutions, LLC

Reading Fuel Your Business is like sitting down for a lively conversation with one of the most energetic people you'll ever meet. Gina Soleil, in her centered and thoughtful way, takes you on the journey to understanding that your business is not just a separate entity you need to work on, but rather a living, breathing creature that needs to be nurtured just like the human beings it is made of. When business leaders escape their preconceptions and embrace her energy-centered approach we'll all enjoy a transformation in American business culture." James Matheson, President and Partner, Network Medics, Inc.
