**From Asian Development Bank : Gender Mainstreaming Case Studies: India (Gender Equality Results Case Studies)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gender Mainstreaming Case Studies: India (Gender Equality Results Case Studies):

This publication is part of the commitment of the Asian Development Bank (ADB) to document gender equality results in its operations. It presents case studies in ADB priority sectors: urban development, rural infrastructure, and education. The case studies provide an overview of gender issues, design features, and implementation arrangements

that contributed to achieving gender-related targets in six ADB projects.
