From North Holland : Handbook of the Economics of Education: 1 (Handbooks in Economics) before purchasing it in order to gage whether or not it would be worth my time, and all praised Handbook of the Economics of Education: 1 (Handbooks in Economics):

The Handbooks in Economics series continues to provide the various branches of economics with handbooks which

are definitive reference sources, suitable for use by professional researchers, advanced graduate students, or by those seeking a teaching supplement. With contributions from leading researchers, each Handbook presents an accurate, self-contained survey of the current state of the topic under examination. These surveys summarize the most recent discussions in journals, and elucidate new developments. Although original material is also included, the main aim of this series is the provision of comprehensive and accessible surveys. *Every volume contains contributions from leading researchers* Each Handbook presents an accurate, self-contained survey of a particular topic *The series provides comprehensive and accessible surveys
