Joseph G. Rayback : History of American Labor before purchasing it in order to gage whether or not it would be worth my time, and all praised History of American Labor:

0 of 0 people found the following review helpful. Five StarsBy CustomerA really good book!6 of 9 people found the following review helpful. To all who is interested in Labor RelationsBy Paulo QThe real history of United States, specially the labor movement, has always been hidden. In this book, the author present one side of this history, the labor unions. All the workers have to be thankful of the goals of the movement. The author presents what made the unions through time; their success; and their failure. It's a good resource to everyone making a research in labor

relations. 4 of 4 people found the following review helpful. Amazing, thorough, though dry history of labor. By used_library_book_fan I read the 1963 edition (4th printing) of this book (ex-library) and while it is a dry read, it is a very thorough and complete history of labor in America from colonial days until the mid 1950's. It is a good foundation on labor in America which can then be continued on and reflected upon to today's modern world and the old issues of back then, while forgotten by many people today are still highly relevant today in today's working world. This book should still be the foundation for any future reads on American Labor Union history. Just go into it that it is biased towards Unions and other books bring out blemishes in this timeline. This edition was also a book of its time (late 50's early 60's) and has some lines that are considered racially insensitive today.

Joseph Rayback's history of the American labor movement. A compact and comprehensive chronicle of where labor has been and where it is today.

About the Author Joseph G. Rayback (1914-1983) was a professor of history in the United States. He served in the United States Navy and was the author of *Martin Van Buren: Law, Politics, and the Shaping of Republican Ideology and Free Soil: The Election of 1848*.
