James A. Haught : Holy Horrors (Great Minds Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Holy Horrors (Great Minds Series):

0 of 0 people found the following review helpful. Violence under licenseBy Andrew Slideldocumentary on the perceptions of religion justifying an array of methods to violently impose will or control or even seek revenge. But the book was far too general and lacked much detail and depth to be really interesting. To me it seemed cobbled together based on desk research rather than a serious effort to provide a conclusion behind what I though the book would provide.0 of 0 people found the following review helpful. Kindle Customer Everyone should have to read this book in school. Very few people know what really went on during the dark ages. 0 of 0 people found the following review helpful. Comprehensive review of how religious intolerance has led to horrific ...By Philip C. Nasca Comprehensive review of how religious intolerance has led to horrific loss of human life. A warning that is timely for the 21th century forms of religious and political intolerances. A hard read, but an essential history lesson

When you think of saints, you envision stained-glass pictures of piety. But the truth can be horribly different. Consider Saint Pius V: As Grand Inquisitor, he sent Catholic troops to kill 2,000 Waldensian Protestants in southern Italy. After becoming pope, he sent Catholic troops to kill Huguenot Protestants in France. Pius also launched the final crusade against Muslims, sending a Christian naval armada to slaughter thousands in the Battle of Lepanto in 1571. And, he intensified the Roman Inquisition, torturing and burning Catholics whose beliefs varied from official dogma. After his death, Pius was canonized a saint. Heaven help us. Holy Horrors chronicles the grim spectrum of religious persecution from ancient times to the present, including such historic massacres as the Crusades, the Islamic jihads, the Catholic wars against heretics, the Inquisition, witch hunts, the Reformation, and such atrocities as the Holocaust, the seemingly insoluble Catholic-Protestant schism in Northern Ireland, religious tribalism in Lebanon, and the barbaric cruelty of the theocracy in Iran. The antique woodcuts, paintings, prints, and contemporary photographs that illustrate the book are at once gruesome and riveting.
