Khoa Bui : How To Increase Your Website Traffic: For Website Owners, Small Businesses, Internet Marketers and Web Developers before purchasing it in order to gauge whether or not it would be worth my time, and all praised How To Increase Your Website Traffic: For Website Owners, Small Businesses, Internet Marketers and Web Developers:

1 of 1 people found the following review helpful. Great Book!By LewisI do not know the author and found the book on a search. But this book was a truly great find. I have underlinings and notes on almost every page (I have the iPad/Kindle version), and the ideas presented in here are so cool that you should at least read a sample chapter. I knew almost nothing about the topic, and this book took me from the basics to a new level. I'm now checking things on Google Analytics and planning testing methods for getting more people to my website. I don't review products and books on here much, but this is definitely worth your money and may change the way you do things for the better on your website. I'm actually excited about trying out this stuff now!
