good advice throughout the book, especially if you are going into a Human Resource related field. But most of the concepts can be used in everyday workplace situations, especially for any Managerial positions.0 of 0 people found the following review helpful. Very interestingBy CustomerThe book offers different conflict scenarios and how to manage them. The real-life scenarios depicted on the book are many, it's easy to find something that resonates with you. I enjoyed and still enjoy reading it.0 of 0 people found the following review helpful. Five StarsBy trina helmersGreat read for you college students

How to Manage Conflict is a practical guide offering advice and suggestions for successfully handling all types of discord. Each chapter provides directions to conquer rough terrain and builds upon five strategies: understanding the critical ingredients for collaborative thinking, aligning responsibilities to the needs of others, building into daily interactions the practices necessary for support, developing conflict resolution skills and negotiation skills to resolve various types of challenges, and developing personal tools and systems for dealing with tensions and pressures. In a short amount of time, users will immediately learn how to apply these strategies favorably and effectively.
