So far, this book has been very helpful for me as I am starting my own blog and home business. I think Georganne, explains things in a very detailed way but makes it so easy to understand. You actually feel the encouragement through the book and you know your goals are reachable. Like I said earlier, this is a short review but I plan to leave another after I am finished with the book and have had the chance to utilize some of the things I've learned.
