**Deborah Bouziden : How to Start a Home-based Quilting Business (Home-Based Business Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *How to Start a Home-based Quilting Business (Home-Based Business Series)*:

8 of 8 people found the following review helpful. and choosing what hours you wish to work are generalized business info you can get pretty much anywhere online for freeBy Sandra StrenkowskiThis book is more about how to start a business in general than it is specifics on the quilting / sewing industry in general. Content such as filing cabinets, hiring an accountant, and choosing what hours you wish to work are generalized business info you can get pretty much anywhere online for free. It felt like the author was writing content to fill up the pages. More helpful content would have been information such as how to find wholesale suppliers, how to price work, how to deal with difficult customers, and sources for equipment, supplies, and how to network in the industry. A much more helpful resource is on the website, [thebusinessofmachinequilting.com](http://thebusinessofmachinequilting.com), which is free and has much more relevant info in my opinion. I returned this book for a refund.5 of 5 people found the following review helpful. Good info about how to start a

businessBy JoAnnGood info about how to start a business, but totally lacking in how to start a quilt business. There was small stories on people that started a quilt business but there was nothing on identifying what you would actually need for the quilt business.0 of 0 people found the following review helpful. Very good for someone wanting to open a businessBy P J ReynoldsVery good for someone wanting to open a business. Very well put together and resourceful info. I am just wanting to quilt for the ladies in my guild, so not so much the info I was wanting.

Quilting is big business. This book is for anyone who wants to turn their love for quilts into profit in a market that is viable and continues to grow. It will guide the reader through all the aspects of setting up and running a thriving home-based quilting business.

About the AuthorDeborah Bouziden has published hundreds of magazine articles in such magazines as Writer's Digest, Woman's Day, ParentLife, and OKC Business and is the author of Oklahoma Off the Beaten Path, Insider's Guide to Oklahoma City, and How to Start a Home-based House Painting Business (all Globe Pequot Press).
