businesses that can be set up by those with special qualifications, such as nursing, social work, or other health and human services degrees, as well as those that can be run by individuals with no special training but an interest in caring for others. Topics included are: driving and errand-running businesses, geriatric or elder care management, day care, and insurance-coverage advocacy. The senior population is increasing and aging issues are everywhere; this is a timely book from an expert author that will help new business owners fill a growing market need.
