2 of 2 people found the following review helpful. Common SenseBy Wonder GirlNice little book - easy to read and

digest. However, Paul's videos on Youtube are much, much better. He has a great personality and a witty presentation style. I think I liked the book because I read it after listening to Paul, so I "heard" his voice come through. There's some succinct, practical advice here. 2 of 2 people found the following review helpful. full of useful tips to take action
