Kylee Ellis : How To Write A Book in less than 7 days: The Publishing Queen Reveals All before purchasing it in order to gage whether or not it would be worth my time, and all praised How To Write A Book in less than 7 days: The Publishing Queen Reveals All:

0 of 0 people found the following review helpful. It's Just That EasyBy BrianI was given a great opportunity to read and review Kylee "The Publishing Queen" Ellis' book How to Write a Book in Less Than 7 Days over this weekend. With no hesitation I took up that challenge, knowing that writing a book is something that I've been working to

accomplish, for longer than I'm proud to admit. The thing you'll immediately note about this book is that right from the jump of the first couple chapters is that she is using this book as the proof positive of everything she is speaking of. Its simple outlay is deliberate and intentional. It's also inspiring and encouraging for me to see just how simple she's made it for an author or aspiring author to be able to take what is written and apply it. I think the greatest part of this book is her ability to address every issue that a writer may facing when it comes to the issues of writing, or in some people's cases, not writing. As is suggested by Kylee, this book is recommended for anyone who has had a desire to write a book and has either procrastinated or struggled through the process and fallen prey to the many excuses often given as to why it hasn't been finished. 0 of 0 people found the following review helpful. I'm Inspired to Write! By Customer Kylee addresses all the excuses I have made that have stopped me from completing my latest book. She writes "hellip;excuses are the only thing stopping you writing the book that you want to." My book hasn't been on hold for 50 years, but it has been quite some years in the making. After reading this book, I am making an attempt now to complete the process in one week. I was surprised to read how long it takes the average person to write a chapter of a book. And what about the front and back cover of your book? Kylee gives very insightful and super helpful advice. All the legal requirements are covered and spelt out along with a step by step guide to getting writing. I would recommend this book to anyone who ever thought they just might want to write a book as well as to those who are on the way in their journey of writing. Thanks Kylee for this ever so helpful book. 0 of 0 people found the following review helpful. I'm Inspired to Write! Have you ever dreamed of writing a book? Never seem to find the time to put pen to paper? Do you wish there was an easy method to write a book? If you answered "yes" to any of these questions then this book is for you. This book is dedicated to anyone who has ever thought of writing a book, but for whatever reason, hasn't started. Throughout this book you will learn the same process that a two year old child used to write a book in one day. Your book will obviously be much longer but in all fairness you will also be able to write a lot faster. The process in this book has been tested numerous times and can realistically be completed in less than 7 days using your current writing speed and available time. After reading this book, whatever was holding you back in the past won't hold you back in the future.

I have been struggling with my book for 12 months. How to Write a Book in Less than 7 Days the book has helped me understand how to get my ideas out of my head and onto paper. I would recommend this book to anyone having trouble getting started with writing their book. --HUGH BOWMAN Author of Stop Selling and Start Networking: Building Business Success through Referral Networking Kylee's extensive, practical knowledge of the writing process, from creating a title to the final stages of publication, gave me the understanding and incentive I needed to complete a book I had been avoiding for 10 years. --FRED CAMERON Author of Making it in MLM Kylee is a gifted publisher who truly understands the dynamics of writing and publishing. This is the most informative, well structured and comprehensible book I have ever read about how to write. It is a must-read for any aspiring author who is struggling to get their book out from within themselves. --JULIE HALL Author of The Dale and Friends Series About the Author Kylee, aka The Publishing Queen, runs a successful business of the same name based on the Central Coast of NSW, servicing all of Australia. She specialises in training and guiding you through each of the seven stages of the self publishing process. They are: Writing, Editing, Illustrating, Designing, Registration, Production and Distribution. The Publishing Queen runs seminars on, How to Publish a Book for Pleasure, Profit or Publicity and How to Make Money While You Sleep by Becoming a Published Author in Less Than 3 Months and bootcamps on, How to Write a Book in Less Than 7 Days, How to Design a Book to Stand Out From the Crowd and How to Pitch Your Book to Publishers and Distributors in Less Than 1 Day. This is the second book in a series The Publishing Queen is releasing in 2009. Keep your eye out for the next five, coming out later this year and 2010. To find out more about Kylee's touring schedule for 2010, or the complete range of services The Publishing Queen offers, please check out her website: thepublishingqueen.com.
