saw Michael Franzese when he spoke to a Christian group in CA. He is a genuine honest reformed man. His message is to the point and makes sense especially for a business owner who has had his share of challenges running a business over twenty years. As you read, you learn about life in the mob, and you learn about running your own legitimate business. Fun to read and educational. 0 of 0 people found the following review helpful. Four Stars By Luis Good price. Glad I bought book. 0 of 0 people found the following review helpful. Advice a wise Uncle would give you By GeneH Very nice book on surviving the Corporate Jungle. Agrees with my two years in Accounting and Forecasting and two years in RD and five years in Engineering. If I knew some of the stuff "way back then" I'd have gone a lot further than I have so far. The chapter on "Sit Downs" is wonderful. Do your homework, shut your mouth and wait for /inspire your enemy to trip up. More detail than that but I have covered the essential points. The advice for Sit Downs makes the book for me, as we do a lot of Sit Downs in Industry. Lots and lots of 'em. I realize now how I've messed up in the past. I will be using this advice the day after tomorrow at work. I have to admit - I never thought I'd see an Author quote Biblical Proverbs of Solomon and Machiavelli in equal measure!! Thank you for the good advice Mr. Franzese! I'll make it work.

Free your book! Buying a product tagged "NelsonFree" means you get more than just the hardback book. You also get a free ebook and a free audiobook. Three formats for the price of one! And the freedom to experience your book in more ways than ever before. What secrets can a former mob boss share about how to do legit business? Lets' have a sit-down and find out. By age 24, charming mob boss Michael Franzese was one of the wealthiest people on Fortune magazine's survey. As one of the rare people who quit the mob and lived to tell about it, Franzese has a unique perspective on how business is done. And one thing he noticed was that the way he made millions per week in business inside the mob can be applied to doing business outside the mob (minus the illegal part):

- Mob Rule # 4: Be an Early Riser Avoid Getting Killed in Your Pajamas
- Mob Rule # 5: Ya Gotta Have a Crew
- Mob Rule # 7: Cook the Pasta, Not the Books

Anyone who sells the mob short when it comes to its ingenuity, its ability to connect with people from all walks of life, and its substantial profit margins is simply kidding themselves. This book promises a mob's eye view of business that will change the way you see business forever.
