From Asian Development Bank : ICT for Development Forum 2013: Session on ICT for Education before purchasing it in order to gauge whether or not it would be worth my time, and all praised ICT for Development Forum 2013: Session on ICT for Education:

The ICT for Development Forum is an annual activity focused on knowledge sharing in the area of information and communication technology (ICT). This report, based on the forum held from 28 February to 1 March 2013 at the Asian Development Bank (ADB), attempts to gauge the impact of ICT on today's learning paradigms. What are the impacts of ICT developments on today's students and teachers? How is distance education changing the way education is being delivered? How is ADB helping developing members take advantage of ICT for education? How are massively open online courses and other disruptive learning paradigms affecting education? These are some of the

questions tackled by experts from different countries and from ADB, and this report is the result of that discussion.
