now discredited, but it is a fountain of thought provoking data. Children's seats. AIDS prevention. It's got it all.0 of 0 people found the following review helpful. Interesting and HumorousBy Kindle CustomerThe reasons people act as they do in activities is interesting. Part of the reason is that "common sense" is not always in play.0 of 0 people found the following review helpful. Outstanding read about human animal reasoning,By George F. GreenwaldA new insight to how societies interact. Superbly simply written to be read by everyone 3 to any age.
