Great read to empower women. 0 of 0 people found the following review helpful. Elizabeth Ghaffari's book is a true 'gem' By Annel've read a few books that have the capacity to turn a life around and Elizabeth Ghaffari's 'Tapping the Wisdom that Surrounds You' is, without question, such a book! So many pragmatic and thought-provoking lessons are packed into each easy-to-read, eloquent and tightly woven human -interest story.

Ghaffari addresses the role of 'mentor' in an inspiring, broad, yet focused manner. I was forced to ask myself 'why haven't I always thought in this way...' Regardless of your age, whether male or female, whether challenged by your role of student, employee, employer, self-employed, working...or not...this compilation of stories provides numerous opportunities for maximizing your abilities and realizing your personal aspirations. This wise book is an invaluable 'keeper' for continued learning in coping with life's daily changing challenges. I intend to keep it around...and respectfully suggest you do too! It will surely contribute to assuring 'a life well lived'! Anne Yeadon, retired founder and CEO.1 of 1 people found the following review helpful. Good Strategies for Any Woman Who Wants to Become a LeaderBy Devon KnightI loved this book and think it would be a thought-provoking read for any woman who is wondering how to become a leader in her field. I appreciated that the reader is encouraged to pick and choose ideas which best suit her situation and goals. Therersquo;s no ldquo;one size fits allrdquo; thinking here. The book can also be enjoyed as a fascinating historical record of the achievements of many women leaders in academia, business and government since Ghaffari provides brief profiles of many of them and draws lessons from their examples.

Are you seeking the perfect mentor or life advisermdash;an ideal guide, no matter what the challenge? This book provides a unique and new road map for a modern world, demonstrating that the wisdom we seek surrounds us at every turn.bull; Presents a collection of true stories by real women describing their actual experiences that will benefit and speak to any career-minded professional, women and men alikebull; Provides key insights into the mentee (proteacute;geacute;)-to-mentor relationship, including how, when, and why effective mentorship does or does not happen and how to develop a mindset that attracts successful role modelsbull; Helps readers to recognize and gather evidence that enables them to counter the negative messages and obstacles that confront career-driven women

"Elizabeth Ghaffari's new book provides an exciting challenge for women?for those who mentor and those who are mentored. The latter are rarely considered. Ghaffari brings a new and interesting dimension to the study." (Frances Hesselbein, President and CEO, the Frances Hesselbein Leadership Institute (formerly the Peter Drucker Leadership Institute))"Elizabeth Ghaffari encourages us to be aware of the people we admire and to ask ourselves why?what is it, specifically, that we admire about our role models? Their common sense? Their wisdom? Their integrity? How can we acquire the traits we admire? Touching on many diverse and interesting stories about both mentors and mentee, Tapping the Wisdom That Surrounds You should be a must-read for young women and men who are seeking guidance in their lives." (Gayle Wilson, Education Advocate and Former First Lady of California)"Elizabeth Ghaffari expands our understanding of mentorship and in the process provides a cradle-to-grave spectrum of opportunities from which women can learn. In story after story, Ghaffari illustrates that wisdom need not be dispersed or consumed only in the classroom, the boardroom, or on the first tee. Guides and guideposts are already mapped into our daily lives." (Dian M. Gottlob, PhD, Assistant Dean, College of Liberal Arts Sciences, University of Iowa)"In her book, Elizabeth Ghaffari simplifies the process of finding mentors by illuminating events and people in everyday life. Great advice for those starting out on careers and in life."
