SiriNam S. Khalsa : Teaching Discipline Self-Respect: Effective Strategies, Anecdotes, and Lessons for Successful Classroom Management before purchasing it in order to gage whether or not it would be worth my time, and all praised Teaching Discipline Self-Respect: Effective Strategies, Anecdotes, and Lessons for Successful Classroom Management:

0 of 1 people found the following review helpful. Not for an experienced teacherBy purplstarfshI think this would be a great book for a 1st or 2nd year teacher, but once you hit the 3 year mark, these are things that you should know and be using for now. I purchased the book for my grad. class and I may or may not sell it back.0 of 1 people found the

following review helpful. Teaching Discipline...By Juliet HajecIt was required for the on line course I was taking for grad work. It was fine and easy to read.

Used successfully in culturally, economically, and academically diverse classrooms, these strategies and activities focus on developing students' self-esteem, self-image, and self-responsibility.

"Khalsa does not propose a 'one size fits all' or single system approach to classroom management, as is typical in classroom management books. Rather the focus is on a realistic classroom management approach based on the myriad of human characteristics displayed by the diverse students in today's classrooms." -- CHOICE, January 2008, Vol. 45(5)"Packs in lesson plans, strategies, and anecdotes from successful classroom management projects and thus is a top pick for teachers who wish to receive the applied experience of other professionals."--California Bookwatch, April 2007 (05/01/2007)Khalsa does not propose a one size fits all or single system approach to classroom management, as is typical in classroom management books. Rather the focus is on a realistic classroom management approach based on the myriad of human characteristics displayed by the diverse students in today s classrooms. --CHOICE, January 2008, Vol. 45(5) (02/15/2008)""Refreshingly positive. Provides tangible, doable techniques and describes respectful, sensitive approaches that can be implemented by all teachers with all students."--Michelle Barnea, Early Childhood Educational Consultant (09/13/2006)"Packs in lesson plans, strategies, and anecdotes from successful classroom management projects and thus is a top pick for teachers who wish to receive the applied experience of other professionals."--California Bookwatch, April 2007 (05/01/2007) Khalsa does not propose a one size fits all or single system approach to classroom management, as is typical in classroom management books.
