**Larry K. Michaelsen, Arletta Bauman Knight, L. Dee Fink : Team-Based Learning: A Transformative Use of Small Groups** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Team-Based Learning: A Transformative Use of Small Groups:

Team learning is an especially powerful way of using small groups. Different authors have used different terms when writing about small groups: learning groups, collaborative learning, cooperative learning, and team learning. Despite the varying terminology, all refer to the same idea: putting individual students in a class into small groups for the purpose of promoting more active and more effective learning. By creating a course structure that involves small groups in the initial acquisition of course content, in learning how to apply that content, and in the assessment of student learning, the procedures of team learning offer teachers an extremely powerful tool for creating several kinds of higher level learning. The key to using this tool successfully lies in understanding a few key principles of team dynamics and then learning how to apply those principles to specific subject matter and in a variety of teaching situations. This book explains those principles and shows how team learning transforms the structure of the course, transforms small groups into teams, and transforms the quality of student learning.

"I recommend this because it offers helpful insights into the use of team-based learning for improving the effectiveness of one's teaching and improving student learning outcomes." -Teaching Theology and Religion? I recommend this because it offers helpful insights into the use of team-based learning for improving the effectiveness of one's teaching and improving student learning outcomes.? -Teaching Theology and Religion About the Author LARRY K. MICHAELSEN is the David Ross Boyd Professor of Management, University of Oklahoma. ARLETTA BAUMAN KNIGHT is Associate Director, Instruction Development Program, University of Oklahoma. L. DEE FINK is Director, Instructional Development Program, University of Oklahoma.
