This is an incredible guide to becoming an entrepreneur in a practical, realistic way. I think this speaks to American dream of having your cake and eating it too. Whether you are a carpenter

or a Wall Street executive, this book is for you, because it teaches you to explore your interest while not having to sacrifice the security of knowing you have a paycheck coming every week. This is an exceedingly well written self help guide for everyone. Even a full time entrepreneur enjoys side projects. I highly recommend that you get this fast read and enter the growing class of 10% Entrepreneurs. 1 of 1 people found the following review helpful. One of the best books on entrepreneurship.....By Mike Smith The 10% Entrepreneur is one of the best books on entrepreneurship I've read. As a former startup founder who migrated back to the corporate world, this book provided a much needed jolt of motivation to re-engage in entrepreneurial ventures. McGinnis does an excellent job of demonstrating that successful entrepreneurship is not one size fits all. Despite, the common media narrative of entrepreneur's are "all or nothing," McGinnis provides contemporary, concrete, real-life examples across multiple industries (consumer packaged goods, restaurants, services, technology) of individuals that approached entrepreneurship with different methods and successful outcomes. I highly recommend this book to both aspiring and current entrepreneurs looking for original and interesting content, which I believe will increase their odds of success for current and future ventures. 1 of 1 people found the following review helpful. It gives great insight into how to manage 10% of your time ...By Jason Yingling I listened to this one on Audible. It gives great insight into how to manage 10% of your time for side projects. It got my creative juices flowing. The next step is implementing the strategies!

Choosing between the stability of a traditional career and the upside of entrepreneurship? Why not have both? Becoming a full-time entrepreneur can look glamorous from the outside. Who doesn't want to chase their dreams, be their own boss, and do what they love? But the truth is that entrepreneurship is often a slog, with no regular hours, no job security, and very little pay. What if there was a way to have the stability of a day job with the excitement of a startup? All of the benefits of entrepreneurship with none of the pitfalls? In *The 10% Entrepreneur*, Patrick McGinnis shows you how, by investing just 10% of your time and resources, you can become an entrepreneur without losing a steady paycheck. McGinnis details a step-by-step plan that takes you from identifying your first entrepreneurial project to figuring out the smartest way to commit resources to it. He shows you how to select and engage in projects that will provide you with upside outside the office while making your better at your day job. He also profiles real-world 10% Entrepreneurs such as...

- Luke Holden, a cash-strapped recent college graduate, who started his own lobster-roll empire and oversaw much of its first year of operations, all while working full time in corporate America
- Dipali Patwa, a designer and mom whose side project designing and selling infant clothing is now a sensation
- A group of friends who met at a 6am Bible study class and went on to start a brewery that now generates millions in sales

A successful 10% Entrepreneur himself, McGinnis explains the multiple paths you can follow to invest your cash, time, and expertise in a start-up— including as a founder, angel, adviser, or aficionado. Most importantly, you don't have to have millions in disposable income to become a 10% Entrepreneur. When you put McGinnis's 10% principles into action, yours will quickly start racking up small wins, then watch as they snowball into your new (and far more entrepreneurial) life. From the Hardcover edition.

"For 4 years, while working a full time job, I was also a 10% Entrepreneur. I didn't know the phrase then, I just knew I had more money, more fun and more opportunities than I'd ever had in my life. If any of those sound like things you want more of, read this book!" -Jon Acuff, author of *Do Over*

"Entrepreneurship is not one size fits all. It can take many shapes and forms. There's immense value to testing ideas or weaving entrepreneurial qualities into your life before taking the plunge. The 10% Entrepreneur will tell you how." - Christine Tsai, Founding Partner at 500 Startups

"We think of entrepreneurship as a big, scary thing, involving blind leaps of faith and sweeping acts of disruption, not for the faint of heart. Yet in today's ever-changing world, everyone needs to act more like an entrepreneur and take risks -- or risk being left behind. In his debut book, McGinnis delivers a winning game-plan for assuming 10% more risk, more creativity and more (ad)venture in your everyday life for 100% more satisfaction. Entrepreneurship is a smart choice for everyone--and so is reading this book." - Linda Rottenberg, co-founder CEO of Endeavor and author of *Crazy is a Compliment*

"In a shifting corporate landscape, entrepreneurship no longer has to mean all-or-nothing endeavors. Patrick McGinnis uses his own expertise as a "part-time entrepreneur" to illustrate a proven solution for you to become one, too." - Keith Ferrazzi, author of *Who's Got Your Back* and *Never Eat Alone*

"This book should be read by anyone who has ever dreamed of starting an entrepreneurial venture." - Nir Eyal, author of *Hooked*

"Clear, concise and forward-thinking, *The 10% Entrepreneur* dives deeper into the future of today's business world." - Tony Hsieh, author of *Delivering Happiness* and CEO of Zappos.com, Inc.
