This book works!!!!By Eddie Coronado (Author of Advanced Law of Attraction Techniques)This book is a great read and contains eternal truths about the Law of Attraction and how it can be used to manifest money or anything that you can make a part of your belief system. This author understands the Universal Law well, and conveys his understanding within the pages of this book. I always look forward to reading anything he puts out because it's always uplifting and helpful. Mr. Vitale has Something to Offer!By Curt MurphyI saw Joe in "The Secret" and still argued with myself that clearing and making a gratitude list isn't going to change anything. I WAS WRONG! The Attractor Factor gives you real tools to use. You can have very real results with the information in this book. There are

5 actions you can take to turn things around and start living happier circumstance. After purchasing this book I would suggest you get on his emailing list. Why? Because he will send you offers of other people he knows are honest. This is all my opinion and I am not suggesting Joe Vitale is honest himself, but he is. Joe lived through homelessness himself and brought his station in life because of the books he offers. Each time he grows, it is my estimation that he writes a new book about how you can learn what he went through. Joe Vitale improves peoples lives by his own searching and taking action so we can all benefit. I definitely recommend any of this material to all who choose to improve their situation in life to the better. 0 of 0 people found the following review helpful. Great value
