Sharon D. Taberski, James R. Burke : The Common Core Companion: The Standards Decoded, Grades K-2: What They Say, What They Mean, How to Teach Them (Corwin Literacy) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Common Core Companion: The Standards Decoded, Grades K-2: What They Say, What They Mean, How to Teach Them (Corwin Literacy):

17 of 17 people found the following review helpful. Great resource!By Teacher's PetI like the way this book is laid out. It is very user friendly. After each standard, there is a section where you can write your own notes as well as a planning page where you can write down your own plans. The explanations are clear and the guidelines are great. The only problem I had with this book is the wire binding. It was so loose, the book started coming apart. I had to manually squeeze each piece to avoid pages flying all over the place. Please check your copies before flipping through this

book. Otherwise, I think the material is fantastic! 5 of 5 people found the following review helpful. Great Resource, but ...By geminigirl This is a great book. It will serve its purpose in aiding me in lesson planning and lesson delivery. I was disappointed to open the book and find that the math standards aren't covered. Maybe ELA Standards Decoded would be a better title. 2 of 2 people found the following review helpful. Five Stars By creativein2021 I used this book more than any professional book I own! Well worth the money!

It's the teaching around the standards that counts! What makes Sharon Taberski's Common Core Companion that version of the standards you wish you had? It's the way Sharon translates each and every standard for reading, writing, speaking and listening, language, and foundational skills into the day-to-day what you do. It's all here: The standards for literature and informational texts put side by side for easier planning More than a dozen teaching ideas for each standard Recommendations on how to cultivate critical habits of mind A glossary of academic language for each standard An online bank of graphic organizers, reproducibles, charts, and more

"These books provide clear guidance on instructional practices and intentionality of conversations as well as thorough articulation of the intent of the standards. I feel that these will be an asset that our teachers are craving as they are working in developing confident, proficient readers and writers that are prepared for the classroom and beyond." -- Danielle Calvin, Director of Elementary ELA "These books provide clear guidance on instructional practices and intentionality of conversations as well as thorough articulation of the intent of the standards. I feel that these will be an asset that our teachers are craving as they are working in developing confident, proficient readers and writers that are prepared for the classroom and beyond." (Danielle Calvin, Director of Elementary ELA) About the Author A longtime English teacher, Jim Burke is the author of more than 20 books and senior consultant for the Holt McDougal Literature program. Jim has received several awards, including the 2000 NCTE Exemplary English Leadership Award. In 2009, he created the English Companion Ning, the largest online community of English teachers in the world. More recently, Jim has served on the AP English Course and Exam Commission and the PARCC Consortium.
