**Elizabeth Lawrence : The Complete Caterer: A Practical Guide to the Craft and Business of Catering, Updated and Revised** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Caterer: A Practical Guide to the Craft and Business of Catering, Updated and Revised:

106 of 107 people found the following review helpful. A must!By Ethel M. PowersWhen I first started out, I did not know how much to serve and how to break down my expenses. After reading this book, that information was no longer a mystery. It is precisely what the beginner needs and what the experienced can use for reference. Not only

does it contain information on what to charge and spend, it sets up scenarios that illustrate what the author is referring to. There are recipes that are fresh and practical and interesting.0 of 0 people found the following review helpful. Four StarsBy Aubrey HarperNo.0 of 0 people found the following review helpful. Five StarsBy wanda mcculloughVery informative.

Colorful, festive, and filled with imaginative ideas, this superb Christmas cookbook features cakes, cookies, and other holiday favorites, plus full-course menus, great gift ideas, and much more.Full color photographs and B W illustrations throughoutFrom the Trade Paperback edition.

From Library JournalEspecially clear and well organized, this book offers much good advice and many helpful strategies to the beginning caterer. The business, artistic, and social aspects of catering are explored using detailed and instructive examples; important issues and problems of the profession are discussed in an intelligent, knowledgeable way. Chapters on pricing and marketing, insurance, taxes, and kitchen organization are quite valuable. There are some recipes, too. Well worth the money.
