Lisa Iannucci, Melissa Prandi : The Complete Idiot's Guide to Success as a Property Manager (Complete Idiot's Guides (Lifestyle Paperback)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Success as a Property Manager (Complete Idiot's Guides (Lifestyle Paperback)):

4 of 4 people found the following review helpful. this book is not bad By Gabbie I purchased this book because all the other property management books I found were geared toward homeowners who are renting their own properties. (which is crazy people; if you own a home get a property management company to manage it wink wink) Clearly I needed a book for someone who is working as a property manager. I like the book overall but if you are looking to learn the ins and outs of single dwelling rental management, this book may not be for you. There is a lot of advice though for HOA managers, apartment managers and people opening their own business. There are still a lot of

snippets of useful information especially if you are planning on making property management your career. I always make the mistake of expecting more detail from Idiot's Guide books but they weren't intended as detailed guides but rather as a quick way to get a good feel on a specific topic. All in all not a bad book just not necessarily suited to my needs; still somewhat helpful though. 0 of 0 people found the following review helpful. Five Stars By Vickie B Great book and so useful for a beginning property manager. Arrived very quickly in great condition 0 of 2 people found the following review helpful. Invaluable advice for property managers-and how to keep an eye on the prize. Property managers often lose sight of advancing their careers because they get buried in the details of labor-intensive, day-to-day management. This guide helps the harried professional keep priorities straight with: advice on education, certifications and licenses; an overview of property management skills; information about regulations, finances, taxes, safety codes; advice on time management, prioritizing duties, and supervising staff; and how to start a property management business. Author is an experience certified Property Manager Easy, accessible, jargon-free style Concrete advice about everything from emergencies to boiler maintenance to building finances
