**Chris Freeman : The Economics of Industrial Innovation** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Economics of Industrial Innovation:

1 of 1 people found the following review helpful. Good bookBy PangelNice book. I liked a lot the beginning and the history that it tells. Very good material for innovators and entrepreneurs1 of 1 people found the following review helpful. Five StarsBy wen yanggood

First published in 1997. Routledge is an imprint of Taylor Francis, an informa company.

"As an introduction to the study of technical change in the twentieth-century economy, Freeman's book is superb." - Business History
