Jaime Tardy : The Eventual Millionaire: How Anyone Can Be an Entrepreneur and Successfully Grow Their Startup before purchasing it in order to gauge whether or not it would be worth my time, and all praised *The Eventual Millionaire: How Anyone Can Be an Entrepreneur and Successfully Grow Their Startup*:

1 of 1 people found the following review helpful. Excellent book for getting started. Very actionable and realistic. By Robert Williger I have been listening to *The Eventual Millionaire* podcast for a couple of years now and have been a

big fan of the show and other content that Jaime puts out. It took me a bit before I read the book but am quite glad I did as it is a great combination of motivation, inspiration, and practical exercises. This is not the book for someone who just wants to sit back and dream about a business as it is filled with worksheets and checklists to get you to actually start generating ideas and put them into action. It also gives the reality of entrepreneurial life that there will be rough patches and you will need to sacrifice in order to achieve your long term goals. The book is not any sort of get rich quick or focused on any particular niche; it is for you whether looking to build a brick and mortar or online venture or something in between. I strongly recommend this book to anyone looking to get on the path towards their own business. 1 of 1 people found the following review helpful. Inspiring read By Emmanuel L. Being an entrepreneur, I really enjoyed the book. I'm a little advanced from some of the theology presented but it provided plenty of great insights from millionaires that really resonate. I recommend it for people looking for a path to entrepreneurship and need a starting point. 0 of 0 people found the following review helpful. Eventual Millionaire book and podcast Delivers! By Karen Briscoe Learning from those who are successful is a tried and true way to achieve at a high level. This book is full of strategies of becoming a millionaire by learning from millionaires. Check out the Eventual Millionaire podcast, it delivers!

Become a millionaire by learning from millionaires An Eventual Millionaire is someone who knows they will be a millionaire, eventually. But they want to do it on their own terms; with an enjoyable life and an enjoyable business. Eventual Millionaires are everywhere, from the airplane pilot looking to start his own business for more freedom and money to a student looking to start her life on the right foot to a successful business owner needing inspiration and wondering how to take her business to the next level. There are many ways to become a millionaire, but research has often shown that creating your own business is one of the best ways to build wealth. The Eventual Millionaire will lay the foundation for those looking to start their own business and work their way toward financial independence and a fulfilled life. Contains the insights of more than 100 millionaires and their various experiences. Written by Jaime Tardy, founder of eventualmillionaire.com and a business coach for entrepreneurs. A companion website includes an "Eventual Millionaire Starter Kit" with worksheets, business plan documents, and much more. We all want to be successful and enjoy financial security, but we might not know how or don't think we can do it. The Eventual Millionaire will show you what it takes.

"Perhaps it's time to end the cult of celebrity around people merely because they've acquired a bunch of money. Jaime Tardy demystifies not just the process of earning money, but far more important, the emotions around it." —Seth Godin, Author, *The Icarus Deception* Step one to becoming a millionaire: read this book. Step two: quit your job. Don't worry, step two will be a lot less intimidating after you complete step one." —Chris Guillebeau, NYT bestselling author of *The \$100 Startup* "This is the most realistic and practical book ever written about business and personal success in the social media age. Every parent in America should buy this for their child's high school or college graduation. I know I will." —Jay Baer, author of *Youtility: Why Smart Marketing is About Help not Hype* "One of the keys to becoming wealthy is thinking like the rich do, so pick up *The Eventual Millionaire* and see the thoughts of over 100 millionaire minds." —T. Harv Eker, #1 NY Times bestselling author of *Secrets of the Millionaire Mind* "From the Inside Flap Have you ever wanted more from life? More money? More freedom? For many people, starting a business is one of the best ways to achieve both wealth and the personal goals that you have set for yourself. Most of us want to become entrepreneurs at some point, but we lack confidence in our ability to run a business. The truth is, though, that you can start your own company. Jaime Tardy explains in *The Eventual Millionaire: How Anyone Can Be an Entrepreneur and Successfully Grow Their Startup* that money is not the true key to happiness, but it is something that you can accumulate along your journey toward a fulfilling and rewarding lifestyle. Throughout the pages of this book you will learn how to take control of your money and your lifestyle, find work about which you are passionate, overcome your fears and excuses, start a viable business on the right foot, and keep moving forward despite the obstacles that will inevitably arise. A highly regarded business coach who has interviewed over 120 millionaires, Tardy has used the insight she has gained from these successful professionals to create a resource that will teach you how to look at your work and your life from a new perspective; and how to achieve financial independence and happiness by doing work that you truly enjoy. Entrepreneurs start their own companies for a wide range of reasons, and nearly all of them are looking for the freedom and flexibility that business ownership has to offer. Regardless of why you want to start your own company, it is important that you understand how to make it a success. Tardy shares the various kinds of success; both personal and professional; that you will achieve as you build your business. With the insight that she provides in *The Eventual Millionaire*, you can prepare for the challenges, triumphs, and excitement of entrepreneurship. From the Back Cover Praise for *The Eventual Millionaire* "Step one to becoming a millionaire: read this book. Step two: quit your job. Don't worry, step two will be a lot less intimidating after you complete step one." —Chris Guillebeau, New York Times bestselling author of *The \$100 Startup* "Perhaps it's time to end the cult of celebrity around people merely because they've acquired a bunch of money. Jaime Tardy demystifies not just the process of earning money,

but far more important, the emotions around it." —Seth Godin, author of *The Icarus Deception* "This is the most realistic and practical book ever written about business and personal success in the social media age. Every parent in America should buy this for their child's high school or college graduation. I know I will." —Jay Baer, author of *Youtility: Why Smart Marketing is About Help not Hype* A real-world guide to startup success and financial freedom

At 22 years old, Jaime Tardy had all of the trappings of success. Two new cars, a house with a pool—these material possessions made her life look picture perfect from the outside. But from the inside, Tardy realized just how unhappy she was. With \$70,000 in debt and a job that she hated, she made the decision to get out and start living for herself. Just 16 months later, she was debt-free. She now works part time doing work she loves and makes more than her stressful corporate job ever paid her. The first question that people ask when they hear Tardy's story is, "How did she do it?" In *The Eventual Millionaire: How Anyone Can Be an Entrepreneur and Successfully Grow Their Startup* she answers this question and shares her secrets that can help you transform your life. Not only does this book explain her exact steps, but it also distills the advice from over 100 millionaires that successfully have grown their startups.
