Excellent Reference MaterialBy Jason SmithIf you have questions about starring your own business, home based or not, this book is full of information to get you started and keep you going strong. Granted, no single book can have all the information needed for all the various forms of businesses out there, but this will be a handy reference guide for years to come.0 of 0 people found the following review helpful. Great info and well written ... very easy to read and understandBy E. HeardI am really enjoying this book ... I have gotten some great info/advice from the chapters I have read so far ... I look forward to finishing it soon and using everything I have learned to start my own business ...0 of 2 people found the following review helpful. one starBy V. Lunnthe only reason i give this one star is because there are no zeros. the pages are all folded over and attached to the spine about the only way to read this would be to tear it apart. a total waste of money

A Simon Schuster eBook. Simon Schuster has a great book for every reader.
