A. M. O'Connor : The Geography of Tropical African Development: A Study of Spatial Patterns of Economic Change Since Independence (Pergamon Oxford Geography Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Geography of Tropical African Development: A Study of

Spatial Patterns of Economic Change Since Independence (Pergamon Oxford Geography Series):

This best selling textbook focuses on the changes in geographical patterns that have taken place in recent years i.e. on the geographical pattern of recent and current economic change. The area covered includes the countries lying between the limits of the Tropic of Cancer and the Tropic of Capricorn. In this second edition substantial changes have been made in every chapter in order to keep up to date in respect of both the geographical pattern of development and prevailing attitudes towards it. The discussion is still largely confined to the twenty year period between 1956 and 1976, and to the economic component of development
